

A joint event of the

15th EUROPEAN CONFERENCE ON EARTHQUAKE ENGINEERING

&

34th GENERAL ASSEMBLY OF THE EUROPEAN SEISMOLOGICAL COMMISSION

24-29 August 2014

**Istanbul Lütfi Kırdar Convention
& Exhibition Center (ICEC)**

INVITATION

On behalf of Turkish Earthquake Foundation - Earthquake Engineering Committee and Prime Ministry, Disaster and Emergency Management Presidency, we take great pleasure in inviting you to the Second European Conference on Earthquake Engineering and Seismology (2ECEES) to be organized in Istanbul, Turkey during 24-29 August, 2014 as a joint event of European Association of Earthquake Engineering (EAEE) and European Seismological Commission (ESC).

Istanbul has an enchanting location spreading over two continents, representing the unique feature for serving as a bridge between different cultures. Istanbul will provide the perfect platform for discussing the major topics of Earthquake Engineering and Seismology along with priority issues of global importance. Istanbul has also an outstanding reputation for hosting conferences with the ever improving excellent congress facilities in the congress district, the large spectrum of hotels in world standards, one of the most effective international airports in the world, with the unique charm of the culinary art and shopping.

Istanbul definitely promises an unforgettable experience for all participants. We are certain 2ECEES will be one of the most successful and meaningful events in EAEE and ESC histories.

Prof.Dr.M.Atilla Ansal

Dr.Murat Nurlu

Co - Chairmen of the Organising Committee

SCOPE AND TOPICS

Seismicity of the European-Mediterranean Area • Earthquake Source Physics • Earthquake Forecasting and Prediction • Engineering Seismology and Seismic Hazard Assessment • Acquisition and Analysis of Strong Motion Data • Microzonation and Site Effects • Geotechnical Earthquake Engineering • Earthquake scenarios and vulnerability assessments • Earthquake codes • Analysis and design of all man made structures under seismic conditions • Performance based seismic evaluation and design • Transportation and lifeline systems in seismic environments • Seismic response of historical monuments and structures • Seismic isolation • Earthquake risk mitigation policies and methodologies • Lessons from recent earthquakes.

REGISTRATION FEES

Early-Bird Registration (Until 1 May 2014)		Late Registration (Until 1 August 2014)		On-Site Registration	
Regular Participation	€ 400	Regular Participation	€ 500	Regular Participation	€ 600
with Paper Submission	€ 500	with Paper Submission	€ 600	with Paper Submission	€ 700
Students	€ 250	Students	€ 250	Students	€ 300

IMPORTANT DATES

1 January 2014 Abstract submission for full paper

1 February 2014 Notice of acceptance

1 March 2014 Full paper submission (EAEE) / Abstract submission (ESC)

1 May 2014 Notice of acceptance

1 May 2014 Early bird registration deadline

1 July 2014 Final submission deadline
